

# 5mwh outdoor telecom cabinet for base stations

What are 5G outdoor cabinets?

5G outdoor cabinets, also referred to as 5G outdoor cabinets or 5G outdoor enclosures, are boxes designed to house and protect the electrical equipment to support 5G-LTE technology. Made of metals, plastics or a combination of the two material types, 5G outdoor equipment enclosures serve the following primary purposes.

What are the best ratings for outdoor network cabinets?

The most commonly used ratings for outdoor network cabinets are those from the National Electrical Manufacturer Association, an organization that sets standards for electrical components. The NEMA rating system defines the environments in which people can safely use an electrical enclosure.

What is the difference between Type 3 & 4 outdoor cabinets?

Type 3: Type 3 includes weather-resistant outdoor enclosures that withstand rain, snow, sleet and windblown dust. Type 4: Type 4 includes outdoor cabinets that resist the same conditions as Type 3 enclosures, but are also resistant to water ingress during sustained water spray.
