

9000W high brightness solar light

The Adewalk ultra-bright solar outdoor lights come with 2025 upgraded LENS LED beads--boasting high transparency and extreme brightness--delivering long-range, 240-degree wide-angle ...

The JAYNLT Y-9000W Solar Street Lights offer 144 LED beads with up to 700,000 lumens for wide-area illumination. Features solar power, waterproof design, adjustable brightness, ...

The Deepn 9000W Ultra-Large Solar Street Light boasts an impressive 9000 lumens, easily outshining most competitors. This intense brightness provides exceptional visibility, making it ...

Deepn 9000W Solar Street Light, Bright LED Security Solar Flood Light with Motion Sensor & Dusk to Dawn, IP67 Waterproof Commercial Lights Outdoor for Outside, Parking Lot, ...

Solar Street Lights Outdoor Waterproof, 9000W 1152 High Brightness LEDs, Solar Parking Lot Lights Dusk to Dawn, Wide Angle Motion Sensor and Remote Control for Area Lighting, 2-Pack

Extremely Bright Solar Lights: Solar street lights outdoor use 1680 high-efficiency 5730 SMD lamp beads and with a long lifespan and low light decay, 480000 lumens and a color temperature of 6500K for ...

Extensive Coverage: Designed with a larger body and wider solar panel to enhance solar absorption and provide extended lighting duration, covering more area with greater brightness.

Powerful Illumination: This 9000W solar street light features 1080 super bright 5730 SMD LED beads, providing 320,000 lumens and a 240-degree wide-angle illumination for up to 3,300 square feet.

Equipped with high-efficiency dual solar panels, they charge 60% faster than traditional single-panel outdoor solar lights; the panels also have adjustable angles (0°-90°) to maximize sunlight absorption.
