How do I buy solar panels?

The most common way homeowners buy solar panels is through local solar companies. Choosing a local installation company over a large solar chain usually means you get better customer service and a lower price when going solar.

Are solar panels for sale?

For a full installation, solar installers have "solar panels for sale" around the country. What they really mean is a complete, ready-to-use system on your property. It's always best to compare your options before buying solar panels. You can start for free on the EnergySage Marketplace and compare solar quotes from local, pre-screened installers.

Where can I buy a solar panel kit?

Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.). Most solar panel kits are best suited for smaller applications, such as an RV or boat instead of a home.

Where can I buy wholesale solar panels?
