

What challenges does Ireland's Bess market face?

According to Bobby Smith, head of Energy Storage Ireland (ESI), one of the main obstacles Ireland's BESS market faces is the lack of route to market for battery operators. "A lot of energy storage has crept under the radar so far in Ireland," he told ESS News. Developers secure planning quite easily but the route to market is a challenge.

What are Ireland's New wholesale electricity market rules?

New wholesale electricity market rules have been introduced in Ireland, designed to allow battery storage assets to participate directly. From 11 November, the Scheduling and Dispatch Programme (SDP) was launched.
