

I am proud to present the National Energy Policy 2025-2034, which I believe will guide Kenya's energy sector into a future of sustainable, equitable, and resilient energy solutions.

NAIROBI, Kenya, Feb 3 - Kenya has renewed its call for faster deployment of solar energy and battery storage as Intersolar Africa 2026 officially opened at the Sarit Expo Centre in Nairobi, bringing ...

The conference program will explore the latest trends in solar and storage across Africa, regional market development and project pipelines in Southern, West, and East Africa, regulatory and ...

Energy storage policy updates nairobi sustainable energy future for Kenya,&quot; said Eng. Njenga. Kenya Electricity Generating Company (KenGen) has been selected to carry out a battery storage pilot project, through a ...

The Energy and Petroleum Regulatory Authority (EPRA) has unveiled draft regulations, aimed at streamlining Kenya's growing biofuels industry, marking a major step toward achieving the ...

By proposing and using the notion of the battery landscape for these arrangements, this paper elaborates on the infrastructural significance of everyday household electricity storage for sustainable and ...

Kenya has reaffirmed its commitment to accelerating solar energy deployment and integrating energy storage solutions as Intersolar Africa 2026 officially opened on Tuesday at the ...

The policy is grounded in Kenya's broader development goals, including Vision 2030 and the Bottom-Up Economic Transformation Agenda (BETA). It seeks to address energy poverty, reduce carbon emissions, ...

While KenGen's BESS project shows how storage can help with reliability, a country aiming to run entirely on renewable energy by 2050 will need not just dozens but possibly hundreds of such storage ...

Lack of energy storage systems since battery storage solutions are still expensive hence the need for hybrid systems (combining solar PV with hydropower as a viable alternative)
