

Factory pack lithium battery high-end customization

Junda Battery designs and manufactures custom battery packs using cylindrical lithium-ion cells (18650/21700), LiFePO₄, and project-based sodium-ion solutions.

Whether you're retrofitting existing equipment or launching something entirely new, we design and manufacture lithium-ion systems, including HV battery systems, tailored to each application.

Our team specializes in custom battery pack specifications, actively participates in production processes, and is dedicated to supporting your engineers in developing the ideal battery pack for ...

Our custom battery packs are applicable to UPS battery, AGV battery, medical battery, off-grid solar battery, golf carts battery, emergency light battery, solar light battery, starter battery, energy storage ...

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO₄, and LiPO solutions tailored to your exact specifications.

Since 1965, Custom Power has designed and assembled custom battery solutions for critical OEM devices. We provide battery pack assemblies in all chemistries and for all electronic applications, all ...

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

With our comprehensive battery customization options, you can maximize the performance and longevity of your battery pack while enjoying the convenience and efficiency of a tailored battery pack ...

From voltage and capacity to dimensions, connectors, and layout -- we custom-build high-performance lithium batteries to fit your exact needs. No kits, no guesswork.

22+ Years of experience in battery industry with extensive knowledge. Joint venture with several manufacturers, we have excellent credit, buying power & sourcing you can depend on.
