

Is it true that photovoltaic panels are free

Are solar panels free?

When companies advertise "free solar panels" or "no-cost solar programs," they're often referring to solar leases or solar PPAs. Under these solar financing arrangements, a solar company will put a solar panel system on your roof at no up-front cost for installation, enrollment, or maintenance. This sounds great.

Are free solar panels a scam?

Free solar panels are not necessarily a scam, but rather a marketing tactic. Although the solar panels are free, you may have to make monthly payments to the company for the energy the panels generate.

Can I sell my home if it has free solar panels?

You can sell your home if it has free solar panels installed, but it isn't easy. Transferring solar leases and PPAs to a new homeowner is more complicated than it sounds.

What are the disadvantages of a "free" solar panel program?

Here are a few of the main downsides of going with a "free" solar panel program: Low-quality equipment: Some low-cost solar energy systems may also have lower-quality parts and poor-quality installations. Built-in rate escalators: Many PPAs and solar leases include scheduled rate escalators.
