

# Off-grid supplier of outdoor telecom enclosures for mining

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor Telecom shelter?

Outdoor telecom shelters address various communication housing needs, from quick set up time to weather protection. Customer adapted shelter solutions serve a range of telecom applications from incoming AC to complete solutions for different sites in the network.

What materials are used for outdoor enclosures & cabinets?

Explore Waterproof & Weatherproof NEMA-Rated Outdoor Enclosures and Cabinets with AZE! Durable Materials: Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity.

What is a multitenant outdoor cabinet?

Vikitor's multitenant outdoor cabinets enable multiple operators or equipment types to share the same protected infrastructure. Segmented internal layouts and isolated compartments ensure electrical and thermal separation, making them ideal for shared telecom or co-location sites. Get technical specifications and pricing tailored to your project.
