

Photovoltaic panel unpacking support

How to unload solar PV modules pallet?

Use $\geq 8\text{m}$ and $\leq 11\text{m}$ belts for unloading the Solar PV Modules Pallet. Ensure the sling's length is evenly distributed on both sides to prevent tilting or excessive tension that could damage the modules. Keep the box balanced during lifting to avoid tilting and ensure safe handling.

Can you walk on a LONGi Solar PV module?

DO NOT stand or walk on PV modules. Prior to beginning installation, review the Installation Manual for LONGi Solar PV Modules. Do not carry a module alone; always use two people to lift and carry. Do not drill holes in the frame of the module.

How to stacked PV modules?

The unpacked PV modules should be placed flat on the pallet. The stacked quantity should not be more than 16 pieces. Be sure to place the first module with the front side up and the others with the front side facing down. Step 1: Check the pallet list for all module information. Step 2: Cut the green straps.

How to transport multiple PV modules?

Mechanical equipment should always be used when transporting multiple modules. The unpacked PV modules should be placed flat on the pallet. The stacked quantity should not be more than 16 pieces. Be sure to place the first module with the front side up and the others with the front side facing down.

Canadian Solar is committed to provide high quality and high performance solar modules to assist your PV business growth. This document provides unpacking instructions to our packaging ...

This manual describes the handling, storage and unpacking of JinkoSolar PV modules. To ensure safety when loading, unloading, unpacking and storing PV modules, please read this manual ...

To ensure the safety of loading, unloading, unpacking, and storage of PV modules, please read this manual carefully. When you need to unpack and install the modules, you can search and ...

It's best to stage the pallets in a flat, open and dry location when unpacking them, and position the pallets next to a solid, self-standing support structure, such as a tracker post or wall, ...

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited.

This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules.

Safety note Please read the following safety instructions carefully before unloading and unpacking your solar modules. It is crucial to follow the outlined measures and guidelines for the safe ...

Photovoltaic panel unpacking support

In order to prevent the safety of placing and unpacking modules affected by tilt and uneven ground, please choose flat ground when unloading.

Proper photovoltaic panel unpacking requirements and specifications aren't just red tape; they're the difference between a 25-year energy workhorse and an expensive glass paperweight. This guide will ...

To ensure the safety of unloading of PV modules, please read this manual carefully. In the process of unloading, the forklift should be selected reasonably according to the size and weight ...
