What is a KDM IP55 enclosure?

KDM IP55 enclosure provides complete protection against contact with live or moving parts inside the enclosure, thus adding protection from water, up to water projected by a nozzle against the enclosure from any direction. 12 Products Found. KDM is a professional manufacturer of premium quality electrical enclosures that meet IP55 standards.

What does IP55 rated enclosure mean?

IP55 rated enclosure means that your equipment is protected from dust, dirt, non-corrosives, and oil. However, the IP55 enclosure is not air-tight. It only penetrates dust size elements in non-harmful quantities. What Does IP55 Rating Mean to Enclosure? IP55 certifications make your enclosure water-resistant but not waterproof.

What materials are used in IP55 enclosures?

IP55 enclosure is manufactured from premium-grade materials. They are available in carbon steel, galvanized steel, aluminum, and stainless steel. Does IP55 Enclosure be Customized? Yes of course. Many manufacturers offer customized solutions for IP55 enclosures. It can be customized with insulation, cutouts, latches, hinges, or locks.

Are IP55 enclosures waterproof?

IP55 certifications make your enclosure water-resistant but not waterproof. The first digit rating (5) means the enclosure is not fully closed off to dust. The second digit rating (5) means the enclosure might not be waterproof. IP55 rated enclosure protects from low-pressure water jets. What Protection Does IP55 Enclosure Provide?
