

# Rural solar power bank loans

What is a rural energy for America loan?

The Rural Energy for America Program (REAP) Guaranteed Loans provide guaranteed loan financing through commercial lenders to agricultural producers and rural small businesses for energy systems or to make energy efficiency improvements. These loan guarantees are available independent of grant funding.

What is rural energy for America (reap EA/Reda)?

The Rural Energy for America Program (REAP EA/REDA) programs assist rural small businesses and agricultural producers by conducting and promoting energy audits and providing Renewable Energy Development Assistance. The Rural Economic Development Loan and Grant (REDLG) programs provide funding for rural projects through local utility organizations.

What is rural economic development loan & grant (redlg)?

The Rural Economic Development Loan and Grant (REDLG) programs provide funding for rural projects through local utility organizations. USDA provides zero-interest loans to local utilities which they, in turn, pass through to local businesses (ultimate recipients) for projects that will create and retain employment in rural areas.
